Cloud of Witnesses: The Community of Christ in Hebrews

By Melissa Bane Sevier

Hebrews is both long and complex. Those qualities make it an exciting and interesting book to study; they also make it impossible to cover fully in nine lessons. We will approach the letter thematically, not sequentially, using the overarching theme of "community." Each lesson will focus on that theme from a different angle.

✿In Community With Jesus Christ. Jesus is both the head and the foundation of the church community.

✿In Community With the Living God. Explore the connection between the Christ and the living God, and how that connection supports the life of the community of faith.

✿In Community With the Living Word. How does *Hebrews* define "the word," and how does our connection to it bring us together?

✿In Community With God's Messengers. What does *Hebrews* have to teach about angels and how does that strengthen community?

✿In Community With the Tradition of the Past. What can we learn from bringing that ancient tradition of the readers forward into our time while also being relevant and modern?

✿In Community With the Reality of the Present. Suffering was a present condition of the original recipients of *Hebrews*. How do people of faith make their way through the difficulties they face?

✿In Community With the Hope of the Future. The theme of Sabbath rest is important in this epistle. How do we find that rest today?

✿In Community With the Household of Faith. How does *Hebrews*, along with the tradition, use the images of "house" and "household" to illuminate issues of community and faith?

✿In Community With All the Saints. How do we draw strength from all those saints, past and present, who have influenced us?
