November 2026 Mini Lighthouse Presbyterian Women of the Synod of the Northeast

Greetings, I trust that those of you who attended our Fall annual meeting in October at Singing Hills had a great time. To all those who miss I hope you will consider our future gatherings around the synod.

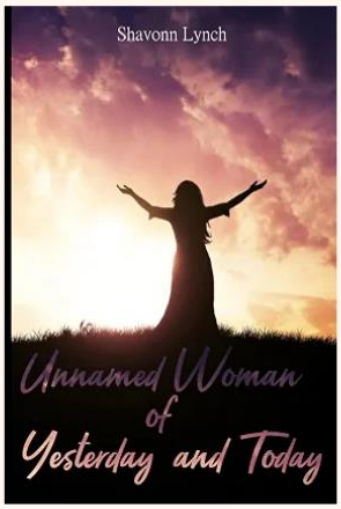

Please give this retreat a thought for the Spring. It is in Auburn, New York. Auburn is a place of many historical sites and the home of Harriet Tubman National Historical Park. Also, it features Willian Stewart House (Stewart's folly). This retreat is being held at the Historic Case Mansion which is the Presbyterian Event and Retreat Center (PERC). The Rev. Dr. Shavonn Lynch is the initiator with Rita Hooper as the assistant.
